**What do you remember most about your time in the Clinic?**

Getting to see real world application of the content we were learning.

**What lessons from the clinic do you still use today or have used in your professional career?**

Evaluate your options, and then move forward, but do not be afraid to go back to the drawing board if you need to.

**What would you tell current or future DePaul law students about the clinic?**

I would strongly encourage current and future students to participate in clinic opportunities. The faculty aligned to the client are highly knowledgeable, and programs give you a chance to put your knowledge into action under their wise guidance.
